...NULINE™ PLUS AND STRATUM™ WEATHERBOARDS LOOK FANTASTIC, ARE EXTREMELY DURABLE AND VERY AFFORDABLE

I am the director of Delmira Homes and we are the proud builders of the house featured on BGC Fibre Cement's television commercial.

We use BGC Innova™ cladding range as it provides the design flexibility we require for our custom design and build company.

On the featured house we used Nuline™ Plus and Stratum™ which complement each other extremely well. Our clients required a tiled look which was achieved with an innovative use of Stratum™.

At Delmira Homes we value and offer quality, expertise, integrity, open communication and on going support - we choose to use BGC Fibre Cement as they have the same values.
